

Label Applicator Collamat® 7600

Collamat
STRALFORS AG

**Compact –
Performance**

**The speed labeler
Collamat® 7600**

for

- High production
- Easy handling
- Low costs
- Excellent labeling quality
- Best technical solution for a uniform production with high output and high labeling precision

Swiss Modular Labelers

Label Applicator Collamat® 7600

*Including all the well known
Collamat features*

- **Modular design**
 - for easy integration in the production line
- **High speed**
 - for high production capacity
- **High precision**
 - over the whole speed range
- **High tolerance**
 - the labeler speed automatically adapts to the speed of the conveyor belt
- **Modular adapter system**
 - for easy adjustment to various products
- **Non-stop operation**
 - automatic switch over between the units when two Collamat® 7600 installed
- **Non-stop production control**
 - not missing a product
 - not labeling a product twice
- **Compact design**
 - minimal space required
- **Mono rail mounting**
 - easy plug-in expansion for optional equipment
- **Easy handling**
 - minimal set-up time
 - saving manpower
- **High quality labeler**
 - works efficiently with all label materials
 - Swiss quality guarantees uniform performance over the years
- **Logic control panel**
 - potentiometer to control :
 - quick start-up and simple use
 - no special skills needed
- **Data-hold function**
 - stable data storage
 - Keeps data in case of power failure or accidental manipulations

Technical Data

Collamat – technical data

7610

7620

Traction unit

- operational width:
95 mm (3 3/4 in) 160 mm (6 1/3 in)
- dispensing speed:
5–50 m/min (164 ft/min) 5–40 m/min (131 ft/min)
- stop accuracy:
± 0.21 mm (1/128 in)
- label length:
10 mm–2000 mm
(13/32 in–78 in)

Control unit

- integrated in traction unit
- In-/outputs for external equipment
- Settings by potentiometer
incl. adjustable potentiometer range for:
 - speed adjustment,
 - label scanner sensitivity,
 - pre-dispensing
 - labeling position adjustment
- Data-hold function
- Modes:
 - non-stop operation with 2 x C7600
 - delayed/normal pre-dispensing

Options (on request)

Approbation

subject to alteration

CE/IEC/Nema
